

Dear Pastor, Youth Pastor, or Youth Sponsor,

Attached is information regarding our State Talents For Christ competition. I encourage you to check out the GARBC website at www.garbc.org/tfc for full details of competition categories, rules, etc.. Also, the GARBC home office has a promotional CD that you can request if interested. The CD will provide you with a lot of helpful tips on promoting TFC with your youth, including a promo video.

Over the past few years, the main change in TFC is the addition of the TFC Open Competition, which allows students to participate who may not compete in the scholarship competition since they are not attending one of the participating colleges. To add incentive to participate in the open category, Lake Ann Camp, Lincoln Lake Baptist Camp and The Springs are all offering scholarships to the State 1st and 2nd place winners. Also, those who have won at the national level in a previous year may compete in a different category in the Open competition.

Included in this information are a couple of pages that you can print and post for your teens to promote the State competition, as well as the registration forms needed to register by March 1st for individual and group open categories. Please make copies for the students and groups to register with. Those who place in the Open Categories who decide to compete at the national GARBC Conference will register for the national competition after the State competition on the GARBC website (additional fees will apply).

Those participating in the scholarship categories register one time online at the GARBC website.

Please feel free to email me at krpyne@usa.net.

In our ongoing plan to improve and enhance TFC, we have made these changes.

- 9th graders are included in the Scholarship competition
- Expanded TFC Open (non-scholarship) competition now available for students in grades 9–12 in all individual categories
- Three new TFC Open categories—Art, Digital Media, and Vocal Duet
- Standardized 3-point deduction for presentation being less than or more than time limits—students no longer disqualified from competition
- Standardized 3-point deduction if student fails to meet the TFC dress standards—no longer an item for adjudication ranking (1–10) by judges
- Standardized deduction for not submitting required materials—no longer an item for adjudication ranking (1–10) by judges
- Impromptu speech in speaking/preaching competitions replaced with responding to an interview question
- Sight-reading for Open music competitions required but not adjudicated
- Visualized Bible Teaching: Time frame is now 8-12 minutes, includes teaching grades 7–12 and teaching a topical lesson. Also, the number of times a student teaches a lesson has been reduced.
- Preaching, speaking, and teaching competitions have parallel preparation requirements
- Church ministry statement required for national as well as state competitions
- English is the language for vocal competitions
